

OPERATIONAL FLOW ORDER
WEST OHIO DIVISION
SUPPLEMENTAL POSTING #5
February 18-28, 2015

The Operational Flow Order (OFO) that has been in effect for Dominion East Ohio's West Ohio division since Wednesday, February 18, 2015 (gas day 18) will be lifted effective Sunday, March 1, 2015 (gas day 1).

DEO will continue to post updated information regarding the status of West Ohio Division deliveries and operating conditions as needed. Additionally, DEO may re-issue an OFO for the West Ohio division, if necessary, based on future operating condition or if Columbia Gas Transmission (TCO) re-issues Critical Transport and/or Storage Days.

We sincerely appreciate your cooperation and the efforts that you have made to bring on natural gas supplies during the extreme cold month of February.

Please contact the Transportation Services department at EOG_TRANS_SERV@dom.com with any questions.
