

OPERATIONAL FLOW ORDER - DECEMBER 14-15, 2016

In accordance with Sections 8 and 13 of its General Terms and Conditions of Transportation Service (GT&Cs) and comparable section pooling service terms and conditions, Dominion East Ohio (DEO) is issuing an Operational Flow Order (OFO) for Wednesday, December 14 (gas day 14) and Thursday, December 15, 2016 (gas day 15). In accordance with the GT&Cs and the procedures set forth in the Maumee Point document posted on its website on November 20, 2014, DEO will notify customers and suppliers of the volumes that they are nominated to DEO's Maumee receipt points from ANR and/or Panhandle Eastern Pipeline on those days via Dekaflow (please check the titled Point Specific OFO Window dated January 4, 2015).

At this time, DEO is issuing this OFO for the limited purpose of securing an aggregate volume of 65,000 Dt at DEO's Maumee intake with ANR and Panhandle Eastern. Daily-balanced customers and supplier pools are expected to match daily supply with daily usage. Daily-balanced customers and supplier pools include Daily Transportation Service end users and all Energy Choice related pools, those serving Standard Service Offer, Standard Choice Offer, Monthly Variable Rate and Energy Choice accounts. Suppliers are expected to increase supply nominations and not redirect supplies from monthly balanced accounts or pools to meet daily balanced customer requirements.

IF DEO DETERMINES THAT SUPPLIES NOMINATED TO DAILY BALANCED CUSTOMERS AND SUPPLIER POOLS ARE NOT SUFFICIENT TO MEET ANTICIPATED OR THAT SUPPLIES NOMINATED TO MONTHLY BALANCED ACCOUNTS OR POOLS ARE BEING IMPROPERLY REDIRECTED OR ARE OTHERWISE INSUFFICIENT TO MEET REQUIREMENTS, DEO WILL ISSUE A SYSTEM-WIDE OFO IF NECESSARY TO SUPPORT SYSTEM OPERATIONS AND MAINTAIN SYSTEM INTEGRITY.

Pursuant to Section 13.1 of the GT&Cs, failure to comply with an OFO may result in DEO billing the customer or supplier the OFO rate plus the highest incremental gas cost paid by DEO on the date of non-compliance plus Dominion Transmission, Inc. FTNN rate schedule times a multiplier based on the number of days of non-compliance as well as other resulting charges, inclusive of storage and other costs incurred by DEO, and any associated excise tax.

For more information, DEO's tariff can be viewed at: <https://www.dom.com/residential/dominion-east-ohio/customer-service/rates-and-the-maumee-delivery-point-document> and the Maumee Delivery Point document can be viewed at: http://dekaflow.dom.com/jsp/info_post.jsp?company=deo. Click on Document on the left side of the window.

DEO will continue to post updated information regarding the status of Maumee deliveries and operating conditions as needed and based on updated information. Additionally, DEO may expand the OFO system-wide or extend the OFO period beyond December 15, 2016 on future operating conditions.

Please contact the Transportation Services department at EOG_TRANS_SERV@dom.com with any questions.
