

As a follow-up to the posting below, the volume showing on the OFO screen for February 6, 2018 (gas day 6) is informing Suppliers of the maximum volume they are authorized to flow from Dominion Energy Transmission, Inc. (DETI). This is not a required volume maximum volume you can flow. The volume is stated in city-gate Dths.

As stated below, if Suppliers and Customers do not plan to utilize their entire allowance, they should inform the Transportation Services group so that the unused volume can be reallocated to others.

Dominion Energy Ohio (DEO) posted an Operational Flow Order (OFO) that becomes effective on Tuesday, February 6, 2018 (gas day 6) posting dated Friday, February 2, 2018 for specific information.

In support of the OFO, DEO is advising each Supplier and Customer of its maximum daily Dominion Energy Transmission, Inc. (DETI) allocation is available in Dekaflow, on the OFO screen ? Point Specific OFO tab.

If Suppliers and Customers do not plan to utilize their full DETI allocation, we ask them to notify the Transportation Services group so that the unused volume can be reallocated to other Suppliers and Customers.

Further, if the aggregate daily nomination of 550,000 Dths does not get nominated Timely Cycle, Suppliers and Customers may be affected in subsequent cycles.

The DETI Cochran receipt meter is not affected by this OFO.

For more information, DEO's tariff can be viewed at:
