

SUBJECT: OPERATIONAL ADVISORY - Upstream Pipeline Maintenance  
EFFECTIVE: August 31, 2020 - September 18, 2020

For the period August 31, 2020 - September 18, 2020 (upstream maintenance period), Dominion Energy Transmission, Inc. (DETI) will be performing system maintenance requiring the shut-in of the Pennline (Cochrannton) receipt point. This will prevent receipts from Tennessee Gas Pipeline (TGP) Cochrannton (meter # 420087). The Cochrannton (ML023) targets will be reduced to 0 dt/day during the upstream maintenance period. Additionally, should any supplier wish to keep their TGP nomination whole during the upstream maintenance period, supplies can be nominated at the TGP/DEO Gilmore receipt point (TGP Meter # 420934).

We will update this posting as needed should dates or other material issues change.

For any questions, please contact us at [EOG\\_Trans\\_Serv@dominionenergy.com](mailto:EOG_Trans_Serv@dominionenergy.com)

Thank you.
