

OPERATIONAL ADVISORY
Effective: Until Further Notice

As posted in DekaFlow on June 8, 2020, due to unplanned maintenance on the Texas Eastern Pipeline system (TETCO), pressures have been reduced to a level that will not allow receipts into the Dominion Energy Ohio (DEO) system. This is expected to continue until mid-late November, 2020 at the earliest. Consequently, DEO will not accept nominations from Texas Eastern Pipeline into DEO at the Clarington receipt point (Meter # 74040).

DEO continues to monitor the situation and will advise of any changes as soon as possible.

Thank you very much for your continued attention to this matter.
