Subject: QPTM Ready for go-live!

Notice Text:

To: All external DEWV Dekaflow users  
Subject: QPTM Ready for go live  
Date: September 24, 2021

We are happy to announce that we are ready to go-live next Monday September 27th.  
Our team performed the last checks will be granting you access to the QPTM Training UAT today  
and the QPTM Production/PRD environment Monday, September, 27th.

As soon as you have access, you will be able to nominate your October volumes,  
request an MDQ change and see your Estimated Flow Supply.  
You will also be able to see June through September historical data for reference.  
Please note that Dekaflow will remain the system of record for those months.

As a reminder, please ensure that you are logged into the Production/PRD environment when conducting your business.  
This is the live environment and is to be used for all business going forward.  
You can leverage the Training/UAT environment for training purposes.

After logging in, you will be able to select either the Production/PRD environment or the UAT environment.  
Hovering over the Dominion Resources Services Midstream text below the logo  
will reveal which environment the button accesses PRD vs UAT

Thank you for helping us make this transition successful.  
We look forward to working with you to continue to meet the needs of our customers.  
Please don't hesitate to contact us with any questions at DEWVTransServ@dominionenergy.com.
