Subject: Receiving QPTM emails, QPTM Training/UAT access, Dekaflow Access

Notice Text:

To: All external DEWV Dekaflow/QPTM users

Subject: Receiving QPTM emails and QPTM Training/UAT environment access and Dekaflow access

Date: September 30, 2021

Receiving QPTM emails

Over the past days, we have received indications that QPTM generated emails are being flagged as spam/junk mail by email servers. These emails are auto generated by QPTM, and related systems, when a new user is added or when a password reset is performed. In order to ensure you receive these emails, we recommend that your organization adds the below domains to the safe list:

@qbsol.com

@okta.com

QPTM Training/UAT access

As communicated earlier, we will revoke access to the QPTM training/UAT environment today. Your access has been revoked as 11.30 AM EST today. The QPTM Production/PRD environment can be accessed through: <https://web-prd.myquorumcloud.com/DRS17ESUITE>

Dekaflow Access

We previously communicated that Dekaflow access would be available until October 26th. In order to allow you more time to download information, we have extended that timeline to November 30th, 2021. Access will be read only

Thank you for helping us make this transition successful.
We look forward to working with you to continue to meet the needs of our customers.
Please don't hesitate to contact us with any questions at DEWVTransServ@dominionenergy.com.
