Subject: DGP Sells Assets - Pool Operators Notice

Notice Text:

Dominion Gathering and Processing (DGP) has entered into an agreement to transfer certain of its gathering facilities by sale to Diversified Gas and Oil Corporation (DGOC). DGOC is expected to take ownership mid-September 2019. In order to facilitate the coming changes, DGP has begun the process of creating pools for those pool operators who will be affected by the sale.

Pool operators affected will see new pools in their Pool Definition and EFS screens. These pools will have new contracts assigned to them. The new contracts will be enabled for nomination in the month of September; however they will not be available for nomination until DGP has finalized the date of the transfer. DGP will then follow up with all pool operators and provide details on EFS, Pool Definition, and Nomination process changes.

Pool operators should continue to follow existing procedures related to Pool Definition, EFS, and Nominations.

Any imbalance on DGP up to the sale date will have to be made up with DGP. Pool operators with new pools on DGOC will begin their balance at zero, and imbalance on pools with DGOC thereafter will be considered a separate imbalance than the imbalance with DGP.

DGP will continue to manage the EBB including any assets sold to Diversified Gas and Oil Co. until further notice. If you have any questions regarding the following, please contact the person(s) listed below.

Contracts:
David Noss
Producer Solutions Manager
david.a.noss@dominionenergy.com

EFS, Pools, Nominations:
Roy Arroyo
Customer Transportation Consultant
