Subject: DGP Transfers Operation of Assets ? Pool Operators Notice

Notice Text:

Effective 3/23/2020, Dominion Gathering and Processing (DGP) will no longer be responsible for the midstream management services for the gathering facilities sold to Diversified Midstream LLC (DM). With the termination of the Transition Services Agreement, DM will assume responsibility for the daily EBB activities including nominations, allocations, scheduling, confirmations, imbalance management, credit management, contract administration and informational postings along with the monthly metering and billing requirements.

DGP and DM are coordinating the transition of these services which will be effective for the Gas Day March 23 Timely Cycle. The following activities will impact the affected pool operators:

- ? DM will assume the imbalances on the Pool Operator's "8D" accounts as of 3/22/2020.
- ? DGP will provide the Estimated Flow Supply for March 2020 on the DGP EBB.
DM will provide the Estimated Flow Supply for April 2020 via email.
- ? Gathering nominations for March 2020 will be made on the DGP EBB.
- ? Gathering nominations for April 2020 will be made on the DM EBB. Gathering retention will not be nominated on the DM EBB. Processing retention and processing fuel will continue to be nominated on DETI's EBB by pool operators that nominate gas on Pods 1, 6, 8, and 10.
- ? DGP will schedule and confirm nominated gas on behalf of DM through the Gas Day March 22 ID3 Cycle. DM will begin scheduling and confirming nominated gas on 3/22/2020 through the DM EBB for the Gas Day March 23 Timely Cycle.
- ? Beginning with the Gas Day March 23 Timely Cycle, DM will provide all informational postings related to Pods 1, 6, 8, 10, 12, 13, 20, O'Dell, Barkers Ridge and the Coronado pipeline system (H21935 & H21936).
- ? DGP can provide historical data (prior to 9/23/2019) for the DM Pods. DM will provide data for the DM Pods as of 9/23/2019 forward.

DGP will continue to operate Pods 2, 3, 4, 5, 7, 9, 11 (excluding the Coronado pipeline system), 14, and 16 (excluding O'Dell and Barkers Ridge). The DGP EBB will be used for the midstream management activities related to the gathering facilities located within these Pods. A list of the remaining DGP bubbles is provided on the DGP EBB under the Field Contacts within the Informational Postings.

For information related to the DM gathering facilities, please contact DM or its authorized agent, Mid-Atlantic Energy.
